Control - Flexibility - Performance - Results

"I have been riding with Faye for over 16 years. Her knowledge of horses and how they work and think never ceases to amaze me! She has a genuine love and understanding of horses and can teach people how to get the most from their horse...without all the gimmicks. She is a true horsewoman!"

"With Faye, I have learned to trust my horse, feel my horse, and grow to be his leader and partner. In my sport of reining, it's all about accuracy. The drills Faye teaches us are perfect for any discipline...using your seat, hands, and aids. It's improved my riding skills and my performance in reining...helping me reach my NRHA goals. Faye has given me the encouragement and desire to do more with my horse! She's helped me do it all!"
